

Bowling Green First Church of the Nazarene

Connecting our community with Jesus.

Permission for use of photographs on church website and in church advertising

We would love to use pictures of our children and teenagers on the church's website and in promotional publications. However, we must have parental permission to publish pictures of students. We will not use a picture with your child in it without your permission. So we are asking you to complete one permission form per child in order to help us with this project. See Penny Barbour, Matt Hughes, or Pastor Gary with questions and to turn in your form.

Please PRINT child's name and sign at the bottom.

I, _____, give my permission for picture(s) of my child, _____, to be used on the Bowling Green First Church of the Nazarene website and in promotional material for the church. The only photos used will be those directly related to events and activities with the church.

Signature of Parent or Guardian: _____
